To: [Kent Smith](#)
Subject: Today's Councilmember is Tomorrow's Governor
Date: Wednesday, July 22, 2015 3:28:08 PM

Dear Kent,

Today's Councilmember is tomorrow's Assemblymember, State Senator, or even Governor. That's why it's so very important to build relationships with our local elected officials early in their careers to help them understand the issues that matter to the employers, entrepreneurs, and job creators who are working to create a vibrant economy for all Californians. Will you please join me and my fellow Host Committee members on August 5 for this special opportunity to enjoy an evening of camaraderie and conversation with the Freshman Class of City, County, State, and Federal elected officials from across LA County's 88 cities? Please reserve your tickets below.

-- **David Fleming, BizFed Founding Chair**
